EDUCATOR: Clem Lue Yat

Master hair weaver Clem Lue Yat is returning to the Design Essentials Extravaganza to get up close and personal with you. He has been weaving for over 30 years, and in 1985 he developed his own unique interlocking hair weaving system that requires no foundation whatsoever. It is done in less than half the time of other weaves, and it is painless, using very minimal tension to the hair and no discomfort to the scalp. The weave will look so natural that only you and your client will know it's a weave. Breakage, bald spots, or hairline loss is no problem for this revolutionary Interlocking Weave System. This is a demonstration you cannot afford to miss. The smaller class size will allow you to learn current weaving trends, safe and easy application methods and techniques for covering balding.
